

Heart of Gratitude Project

Hello, I'm Jenny - a Community Artworker in Little Bookham. I am passionate about working with communities and all the people and places in them, and helping people to be creatively seen and heard!

I also love trees - this project started in my garden when I was pruning the apple tree, and saw the right shape for the base of a heart...

I started thinking about how it would be great to creatively capture community spirit, which has really come to the fore at this especially challenging time.

It would be fantastic if you could make a tag for what has become The Heart of Gratitude. We are all in a circle of support and help each other in so many ways, and this will be a creative reflection of that.

All you need to do is:

- choose a ready-made tag or make one yourself
- pick something, someone, or somewhere that you feel has really helped you at this time
- write one word, a few words, and an image if you like to describe what you have chosen
- use any colours, shape or style
- Send it back - and that's it!

Currently there is just one heart - it is quite big though and I think could easily take up to 50 tags - it's relatively easy to add extra twig branches and hooks here and there.

Should there be more tags than space - I have a HUGE pile of apple tree branches left so can make another or a few smaller - no shortage of raw materials!

Planning to display in a community setting, potentially a council building as have had quite good traction from SCC colleagues making tags too - watch this space!

Thanks so much and Happy Tag Creating!

Jenny

XOX

I am grateful to the postmen
and women from the Royal Mail.
They have helped me to keep
a touch with family and
friends, old and new.
Especially, Gary, who has not
only delivered numerous
parcels but also collected
outgoing post when I have
been self isolating.

Thank you.
